I did not know they had decided on that, but I am certainly more than willing to help in any way I can.

Thanks for the heads up. I wasn't aware of this. Although Miguel may already be in the loop? Miguel, let me know if you need any help.

Subject: East Chicago Sequential water sampling

Hi Miguel, Peg and Dean,

Tim Drexler and I were on a call with Greg Crowley yesterday. He informed us that the City of East Chicago is planning on doing a follow up round of sequential water sampling at the homes we did in Zones 2 and 3 last year. I wasn't sure if you knew about this or not, so I'm passing it along. They may be reaching out to you for some assistance on the process and procedures related to the sampling.

Thanks,

Jacob
